

HOTEL DU MINISTERE APARTMENT PARIS

🕒 15.04.2016 | 📌 NEWSPOTS | ➦ Share

Last year I've stayed at **Hotel du Ministere in Paris** and loved my room already (*read and see my report here*) and now they've opened up a complete apartment on the top floor!

3 reasons to stay there:

1. If you like to stay in an apartment with the name 'La Tete dans les Etoiles' and indeed, the roof is made of glass so you will be surrounded by stars on a clear night.
2. If you like to have enough space while travelling. This apartment is 100m2 big and has two bedrooms, living room with fire place, kitchen and dining room and bathroom.
3. If you want to be on a super central location: close to Rue St Honore and place Madeleine.

From 1100 euro per night, check out: www.hotelduministere.com
